Cell Having First and Second Portions of Different Materials" as amended on February 28, 2007. The title listed on the Issue Fee Transmittal document has been appropriately amended.

Agreement was not reached concerning the Information Disclosure Statement (IDS) filed on September 20, 2004. Examiner Alejandro asserts that the IDS filed on September 20, 2004, did not comply with the rules under Rule 97(c)(2). Applicants disagree, and submit herewith a copy of the Information Disclosure Statement filed on September 20, 2004, and the USPTO stamped postcard showing that the USPTO acknowledged receipt of a copy of European Patent Publication No. 1 154 504. Furthermore, Applicants submit that the documents filed on September 5, 2007, were a Request for Initialed Form PTO-1449, not an Information Disclosure Statement. Acknowledgement of consideration of the prior art is respectfully requested.

Applicant agrees with the examiner's Reasons for Allowance. Applicant does not concede that the stated reasons are the only grounds for patentability of the allowed claims, that the limitations excluded from the Reasons for Allowance are taught or suggested by the art of record, or that all of the limitations are necessary for patentability of the allowed claims or other claims directed to the disclosed subject matter.
